

2020 WINSTON CHUNG GLOBAL ENERGY CENTER

ENERGY STORAGE TECHNOLOGIES & APPLICATIONS CONFERENCE

UNIVERSITY OF CALIFORNIA, RIVERSIDE

The conference will provide a forum for faculty, researchers, practitioners, regulators, technology developers, community leaders and utility companies to share the latest advances and future opportunities for energy. The conference will include invited and contributed presentations, panel discussions, industry showcases, and networking reception to enhance the opportunities and collaborations among various stakeholders. The theme of the conference will focus on key pillars of **energy storage technologies** as well as **system integration, operation, and business models for energy storage** across a variety of applications.
